ILLINOIS DEMOCRATS DISCUSS PLATFORM.

Ante-Convention Crowd at Springfield Shows Opposition to Reaffirming Kansas City Ideas.

CONTEST FOR STATE CHAIRMAN.

Largest Gathering in Party's His tory Is Prophesied When the Gavel Falls To Day-Candidates Are Active.

Springfield, Ill., June 16.-Whether or not the Kanuas City platform is to be reaffirmed, and who will be the chairman of the next State Central Committee, are the only causes of possible friction in the Democratic convention which meets to-m rrow. and it is not likely that either will being about much of a tight-

The platform has already been built in the rough, but will not be finished and polished off before to morrow morning,

A committee of party leaders, headed by Barauel Alachuter of Aurora, who is to be chairman of the Committee on Resolutions, met to consider the declaration of principles to-night and remained in session until a

There have been many predictions that the Kansas City platform will be ignored and nearly as many that it will be touched upon. The chances are however, that the Kansas (my decharation, and with it the silver issue, will be passed over in silence The advocates of their recognition advance as their chief reason for insisting upon a plank to that effect that the avowed polic of the party in the last national campaign Early Arrivals Oppose Declaration

The committee having the platform in charge was to-night in favor of ignoring the Kansas City platform, and, unless the late arrivals to morrow morning should cause a decided change in sentiment, it is not likely that the present aspect of the platform will be changed.

Other planks will be inserted declaring in tayor of territorial government in the Philippines, indersing the attitude of the Prilippines, indorsing the attitude of the national party leaders on the tariff, declaring against the interference of the Federal courts in matters relating to the revenue laws of illinois, declaring against government by injunction, and favoring punishment for viciation of an injunction through jury trial, not for the actual violation of the injunction, but for the commission of the offense, which the injunction steks to prevent.

sion of the offense, which the injunction steks to prevent.

There will also be a plank on Cuban reciprocity. The balance of the platform will be confined to State Issues.

There was little change to-day in the position of the various candidates, Mihard F. Dunlap will be renominated for State Treasurer and Pickering leads for Clerk of the Supreme Court.

Nine Candidates for Appellate Clerk. Mise Caudidates for Appellate Clerk.

The nine candidates for Cerk of the Appellate Court are John H. Baker of Apultry County. Frank Orr of Mouat Sterling. Cosmo Keller of Jersey County. Seymour Hurst of Marshal, Edward McConnell of Jacksonville. George W. Funderburk of Springfield. Henry Eowers of Pittsfield. Samuel H. Murdock of Havann and George Ribble of Macoupin County.

The convention will be called to-morrow at moon, and Lawrence B. Stringer of Lincoln will be the temporary chal man, and there is little doubt that the temporary officers will be made permanent. Caucuest will be held to-morrow morning to elect the various committeemen.

the State Central Committee.

Largest of State Couventions.

Although less than half the delegates and a minority of party leaders have arrived to take part in the Democrate State Convention to-morrow, every indication is toward the largest State Convention held here in recent years. Many men are here who have not attended a convention of their party in from eight to ten years. There is a disposition to steer wide of sensationalism. It is practically certain that there will be nothing in the platform favoring W. J. Bryan. Among the men opposed to declarations on these points are some men who have been in the past enthusiastic partisans of the man from Lincoln.

HARRISON NOT FOR HOPKINS. Chicago Mayor Denies a Compromise Was Effected.

Miss Birdle Atwood, Springfield,

REPUBLIC SPECIAL. Chicago, Ill., June 16.-Mayor Harrison today repudiated two important political stories. First he denied the story that he and ohn P. "A man who goes against his pladge and votes for Hopkins as mitteeman at large is a self-confessed The record story that the Mayor denied was the tale that he and Burke had formed an alliance. PAINE'S Celery Compound

Has Proved a Blessing to All Ranks and Conditions of People in

Summer.

A Prominent and Popular Chicago Lady Restored to Health.

The success of Paine's Celery Compound in banishing the ills and diseases that follow people into the summer time has not been confined to any particular class of society. Men esteemed in business and pro-fessional life, mechanics, farmers, women leaders in society, and the wives and mothers of humble homes, have all by roice and pen, contributed strong testimony in favor of the medicine that restored them to health and strength.

When Paine's Celery Compound is used there is no more neuralgia, rheumatism, dyspepsia, stomach derangements, liver or kidney troubles. The blood once foul and stagnant is made fresh and pure, and courses with a regularity that brings vigor and happiness. The use of one bottle is often sufficient to establish a health robust enough to commit the dangers and perils that are common in hot weather.

Mrs. A. T. Lermond, Chicago, Ill., Corresponding Secretary of the W. C. T. U., tells of her complete restoration to health through the use of Paine's Celery Compound. The great medicine was prescribed by one of Chicago's ablest physicians. Mrs. Lermond says:

"A few years ago I went through a surgical operation. After being in bed for four months I was able to be up, but was ex-ceedingly weak and worn, nervous, and unable to sleep or eat. My physician pre-scribed Paine's Celery Compound, and I at once began to feel stronger. After using a few bottles my health and strength were completely restored, and I am glad to give this testimonial in its favor."
